

CHARACTER CREATION GUIDELINES

Version 1.3 – July 2001

These guidelines give you the basic information you need to create a starting LIVING GREYHAWK™ character, and to advance your character. Please be aware that these guidelines, like the LIVING GREYHAWK campaign, will change. As more D&D® or GREYHAWK® material is published, we'll want to add those options to the official LIVING GREYHAWK rules. Very infrequently we may have to restrict previously available options, though this certainly isn't a goal and will only happen after careful consideration.

These guidelines have a version number and date. All LIVING GREYHAWK characters must comply with the most current version of the D&D *Player's Handbook* and these guidelines.

When new options become available, you may take advantage of them by adding them to your character at the next normal opportunity (usually level advancement). You may not retroactively change your character to take advantage of new options.

In the LIVING GREYHAWK campaign, each character is from a specific region of the Flanaess, the main continent of the GREYHAWK campaign setting. As a default, all characters in the campaign are assumed to be "from" the region assigned to the real-world area in which you live (each region is maintained by local administrators known as Regional Triads). Before creating your character, you may wish to review the information your Triad has compiled for your home region. To find your Triad's contact information, consult the LIVING GREYHAWK homepage at <http://www.livinggreyhawk.com>.

To create your LIVING GREYHAWK character, follow these steps:

Step 1: Ability Scores

To put all players on an even footing, the LIVING GREYHAWK campaign uses the Nonstandard Point Buy method of ability score generation, found in Chapter 2 of the D&D *Dungeon Master's Guide*. The LIVING GREYHAWK setting is considered a "Tougher Campaign"; hence, each character uses 28 points distributed among all six statistics.

Table CCG-1: Ability Costs

Cost	Score	Modifier
—	6	–2
—	7	–2
0	8	–1
1	9	–1
2	10	+0
3	11	+0
4	12	+1
5	13	+1
6	14	+2
8	15	+2
10	16	+3
13	17	+3
16	18	+4
—	19	+4
—	20	+5

For example, using the full 28 points, a character's attributes might be purchased as follows:

Str 15: 8 points
Dex 13: 5 points
Con 14: 6 points

Int 10: 2 points
Wis 11: 3 points
Cha 12: 4 points

Apply racial modifiers to ability points after the base scores are determined. Thus, ability points range from 8–18 for humans, and 6–20 for nonhumans. Ability points gained as your character advances in level do not use this chart; they are full points and may be added as explained in the *Player's Handbook*.

Step 2: Race and Class

You may choose any race and class option described in the *Player's Handbook*. The LIVING GREYHAWK campaign also uses the following special rules for character creation. These override or limit the character options in the *Player's Handbook*.

Human characters should choose one of the subraces of humanity, as explained in Chapter 2 of the LIVING GREYHAWK *Gazetteer*. Elf characters must be of the gray, high, or wood subraces. Dwarves may be hill or mountain dwarves. Gnomes must be rock gnomes. Halflings may be lightfoot, tallfellow or deep (stout) halflings. All half-orcs are considered human/orc crossbreeds.

When picking bonus languages, humans are free to choose from the languages and dialects listed on pages 11–12 of the LIVING GREYHAWK *Gazetteer* except for Druidic, Ferral, and Lendorian Elven. The most prominent of these languages are the human racial languages: Ancient Baklunish, Flan, Old Oeridian and Ancient Suloise. Other races may also choose these languages and dialects as the subject of the Speak Language skill.

You must choose a non-evil alignment that also meets all requirements for your character's class.

A cleric must serve a specific non-evil deity from the *Player's Handbook*, the LIVING GREYHAWK *Gazetteer*, or issue 3 of the LIVING GREYHAWK *Journal*. A detailed list of all deities appropriate for the LIVING GREYHAWK campaign can be found on the official campaign Web page. A paladin need not (but may) serve a patron deity.

A character may begin play at any age from Adulthood to Old Age, as defined in the Age section of Chapter 6: Description, in the *Player's Handbook*. Age modifiers to ability scores are not used in the LIVING GREYHAWK campaign. The character may be of any height and weight allowed by the height and weight tables for the character's race.

A starting character receives the maximum amount of gold pieces for its class.

Table CCG-2: Subraces

Subrace	Ability Adjustments	Favored Class	Trait change?
Gray elf	-2 Str, +2 Dex, -2 Con, +2 Int	Wizard	No--as standard elf
Wood elf	+2 Str, +2 Dex, -2 Con, -2 Int, -2 Cha	Ranger	No--as standard elf
Mountain Dwarf	as standard dwarf	Fighter	No--as standard dwarf
Tallfellow Halfling	as standard halfling	Rogue	Yes--see Monster Manual, page 117.
Deep (Stout) Halfling	as standard halfling	Rogue	Yes--see Monster Manual, page 117.

Prestige Classes: The following prestige classes are allowed for PCs: arcane archer, dwarven defender, loremaster, shadowdancer. PCs must qualify for these classes as described in the *Dungeon Master's Guide*. At this time, several additional prestige classes from *Sword & Fist* and various issues of the *LIVING GREYHAWK Journal* are also approved. To add levels in one of these prestige classes to your character, send a notice to LGprestige@rpga.net to be entered into an official database. Some of these classes may require expenditures of Time Units (see below) or additional administration. See the complete list of available prestige classes at the official campaign Web site.

Step 3: Hit Points

Assign your starting character the maximum hit points possible for its class. For each additional character level, assign hit points according to the new class by taking half the maximum value for the class, then adding 1 point. For example, a character adds 3 hit points upon gaining a new level in the Sorcerer class.

Step 4: Skills and Feats

A few skills need brief additional rulings:

Alchemy Skill and Craft Skill: These skills do not allow you to craft items other than the ones that PCs can purchase normally (see Step 5). In other words, no acid or masterwork equipment.

Knowledge skill: Knowledge skills cannot be anachronistic. Synergy bonuses are applied only at the DM's discretion.

Profession Skill: Players may choose any profession they wish, provided it is not anachronistic. DMs are allowed to deny Profession skill checks or related synergy bonuses to other checks for professions they do not feel are appropriate to the tone and setting of the campaign.

Step 5: Equipment

Purchase equipment for your character from the Weapons, Armor, and Goods and Services sections of Chapter 7: Equipment in the *Player's Handbook*. You may purchase holy water from the Special, Superior, or Masterwork section of Chapter 7, but nothing else. You may not purchase magical items for your character except through play opportunities. Special, Superior, and Masterwork items will be available in play.

The Carrying Capacity rule is used in the *LIVING GREYHAWK* campaign, so keep track of what your character is carrying and how much it weighs.

Step 6: Home Region

All *LIVING GREYHAWK* characters are based in one of the nations of the Flanaess, as detailed in the *LIVING GREYHAWK Gazetteer*. (There is no such thing as a "regionless" character.) The default home region where *your* starting character operates is determined by where you actually live. You may choose a different home region for your starting character, but your character then suffers out-of-region penalties when you use it in the game region assigned to where you live. If you change your address in real life, your character's default home region moves with you. If you move but choose not to change your character's home region, your character again suffers penalties for out-of-region play when you play in the new area to which you moved.

A player may *not* choose as a character's home region the Free City of Greyhawk or any campaign nation not moderated by a Regional Triad.

Consult the table below to determine your *LIVING GREYHAWK* character's default home region. American states and Canadian provinces are given in abbreviated form. Additional regions will be

Time Units

Time units are used to record how PCs spend their time. By using time units, you do not need to worry exactly in what order adventures took place, or exactly when you researched a spell or created an item. Time units save you from taking your character out of play to perform non-adventuring activities.

Every year, a PC receives 52 time units (of 1 week each) to spend on their activities—adventuring, spell research, creating magic items, belonging to a knighthood, or managing a business can all potentially take part of a character's time. Adventures take either one or two time units, and the cost will be indicated in the adventure text. Other activities take varying amounts of time, as indicated in the rules for the activity in question.

Learning New Arcane Spells

Learning a new spell normally takes a wizard one Time Unit. However, the two spells a wizard receives for advancing a level do not cost Time Units.

Sorcerers and bards must choose their spells from the appropriate spell lists, unless they have a special certificate that allows them to do otherwise. Sorcerers and bards do not normally pay Time Units to learn their spells.

Banned Spells

There are several spells that are not suitable for use in a LIVING Campaign environment. The following spells are not available to PCs: *polymorph other*, *polymorph self*, *permanency*.

Influence Points

Influence points are a way of keeping track of who in the World of Greyhawk owes your PC a favor. Influence points can be earned with individuals or organizations, and there is no limit to how many a PC can eventually acquire. Influence points are used (spent) to convince NPCs to do favors for you—enough influence with the right people, and you can convince them to work miracles on your behalf.

Lifestyle

PCs in the LIVING GREYHAWK campaign must pay a lifestyle cost at the beginning of each adventure, associated with the economic level of the place where the adventure takes place. Lifestyle costs include expenses incurred during the time between this adventure and the last one, and all training costs associated with advancing in levels. It does not cover the cost of adventuring equipment. PCs must pay for things bought during the adventure (from equipment to drinks and meals and lodging) at the prices stated in the scenario, or the *Player's Handbook* if the scenario does not specify.

The lifestyle costs are divided according to the economic level that the PC wants to maintain. Each scenario includes the effects of different lifestyles, particularly as they relate to Diplomacy, Intimidate, Disguise, and Bluff checks.

Destitute: You have no living space, and must carry all your gear everywhere. You eat poor quality food. You wear a peasant outfit, your only change of clothes.

Poor: You sleep in poor accommodations, and eat poor quality food. You wear a peasant outfit, and have two sets of clothing.

Common: You have common lodgings and eat common quality food. You have normal clothing for your profession (probably adventuring); nothing fancy. You probably have two or three sets of clothing.

High: You stay in good quality lodgings and eat good quality food. You wear anything in value up to courtier's outfits, and generally buy a new set of clothing every two weeks.

Luxury: You have luxurious accommodations (twice the cost of good accommodations) and you eat excellent foods. You can throw a banquet for your friends every day, and frequently do. You wear clothing up to the value of a noble's outfit, and buy a new set of clothes every week.

Certificates

You will be issued certificates for items and favors that your character acquires during adventure play, during interactives, and through other means. These certificates include information on the item or favor that you will need in order to use it in play. Some specific sections of the certificate to note are:

Validation: Certificates must be signed in ink by the Dungeon Master who issues them, and the Dungeon Master's RPGA number must be completely legible. The name of the character the certificate is assigned to must be written in ink on the line provided at the top of the certificate.

Use Restriction: Use restriction is a category that describes how many of a certain certificate from a certain scenario a given character can be assigned. The categories are:

Common—A character can possess as many duplicates of this certificate as desired, provided they were all earned in play by some character.

Unusual—A character can possess only one of these items.

Rare—Only one of these rare items may be used at a given table of players. If multiple characters bring this item, then only one "exists" for the adventure. Which of the duplicates exists must be determined at the start of the adventure, and may not be changed during the course of the adventure. Further, all rare items are also bound by the restrictions on unusual items.

Unique—Only one of these exists.

The categories apply by item and scenario name. For example, if you happen to get item X from scenario A, and it is considered "unusual," then you can one of item X from scenario A. If item X comes out in scenario B later, you can collect one or more of those as well (depending on its restriction in scenario B), since the scenario name is different.

Trade Policy: Certificates indicate whether they can be traded between characters. If a certificate can be traded, as is traded, then a complete trade history must appear on the back of the certificate. The information for each trade must include the player name and RPGA number and character name of the person trading the item away and the person accepting the item, and the date of the trade. This all must be completely legible, and the history must show the progress of the certificate from the original owner (on the front) to the current owner.

Certificates in the LIVING GREYHAWK campaign are the property of Wizards of the Coast, and must be returned to the campaign staff upon request. They have \$0 cash value and cannot be sold for cash or other real world considerations.

Making Things

Non-magical crafted items, as well as crafted potions and scrolls, do not require certificates. Make a logbook entry for the time spent, and have your game master sign it. Indicate when you use your crafted potion or scroll in the logbook entry where it is used, referencing the log entry for when it was created.

Craft Items: Crafted items cannot be sold to NPCs; they can only be saved for use by the maker, or sold to other PCs. Crafting an item takes time, as calculated using the formula in the *Player's Handbook*, with a minimum of 1 Time Unit. PCs may not craft items that are restricted from purchase in Step 5 of these guidelines.

Brew Potion: Creating a potion takes material resources (gold) and XP as indicated in the *Player's Handbook*. Creating a potion costs 1 Time Unit regardless of spell or caster level, and only one potion may be created per adventure played.

Scribe Scroll: Creating a scroll takes material resources (gold) and XP as indicated in the *Player's Handbook*. Creating a scroll costs 1 Time Unit regardless of spell or caster level, and only one scroll can be scribed per adventure played.

Other magic creation feats: Costs (in gold, XP, and Time Units) for creating other magic items are covered on a case-by-case basis. Contact your Triad for more details. These items require certificates, so though you may have the pre-requisites for making something (according to the rules in the *Player's Handbook* and *Dungeon Master's Guide*) you must use a campaign procedure for doing so.

Guidelines for Ethical Play
