Wanted! You rebelled against the forces of the Viscount Estival and will pay, and pay dearly for your insolence. You begin every Verbobonc regional adventure with either 80% of your max hit point total or with 20% of your spells expended as you must expend your resources to keep out of the clutches of the law.

Poltroon! When confronted by an imminent threat against innocent life you did not intervene to stop it before it occurred. While your actions may not have branded you an outlaw, they have shown your lack of character.

Secret! You have discovered a secret about the Lady Elise and how she is instrumental in bringing forth some great evil.

Pariah! You stood by while the forces of Viscount Estival slaughtered hundreds of villagers, all because they revered Trithereon. In any Charisma based interactions with The Lady Elise you must take a -8 penalty. Charisma based Interactions with good aligned non-player characters in Verbobonc similarly suffer a -4 penalty. This penalty is permanent with Elise Brandenburg, but the general penalty for good aligned NPC's ends after completing 12 adventures.

Friend of the Family: You know to never rat on your friends and always keep your mouth shut. If you're a member of the family add +5 to your affiliation score, if not, keep your mouth shut and you'll go far.
