DRAG18 Favor of the Fire Knives

"Anything goes, and anything has a price." You've gained the appreciation of the ruthless Fire Knives. They recall your discretion, efficiency and honor. Rare and uncommon, your actions established your reputation with the elite in Westgate and powerful within the Fire Knives. This favor eliminates previous enmity of the Fire Knives.

While you have disrupted the smugglers plans in Westgate, the drugs' masterminds elude you. This story awards starts the PCs on the "Pain and Suffering" major quest, which continues in CORM2-2 *Pain* and DALE2-2 *Agony*.

DRAG19 Gratitude of the Nine Golden Swords

"Enough is a feast." The Shou of the Nine Golden Swords recognize the dedication, bravery and selflessness of the adventurers. Their actions in this endeavor have established their heroic reputation and impressed elders in the Shou community of Westgate and members of the Watch with whom they cooperated.
