CHARACTER SHEET

Your **Character Sheet** provides all the information you need to play the game. It also provides a place to write down your current status, weapons, armor, and equipment.

CHARACTERISTICS & SKILLS

1 Your characteristics are used to calculate many game values but are rarely used directly. Whenever you attempt a task that might fail, you make a skill check. The dice you roll for this check are called your dice pool, and are based on your rank in that skill and your characteristic. If you roll more ★ than ▼, you succeed.

2 Please reference these skills and descriptions of what they do on the back of the Rulebook.

SYMBOLS AND DICE

Success ★ symbols are canceled by Failure ▼ symbols; if there are any Success ★ symbols left, the check succeeds.

Triumph ☼ symbols count as Success ★ symbols and may also be spent to trigger a powerful positive consequence.

Advantage ☼ symbols indicate a positive side effect or consequence, even on a failed check. They cancel and are canceled by Threat ☼ symbols.

Failure ▼ symbols cancel Success ★ symbols. If there are enough Failure ▼ symbols to cancel all the Success ★ symbols, the check is a failure.

Despair ☼ symbols count as Failure ▼ symbols (they cancel Success ★ symbols) and may also be spent to trigger a powerful negative consequence.

Threat ☼ symbols indicate a negative side effect or consequence, even on a successful check. They cancel and are canceled by Advantage ☼ symbols.

CHARACTER HEALTH STATS

3 Your **Soak** score reduces incoming damage and can prevent wounds. Your Soak score is equal to the sum of your Brawn and the Soak value of your armor.

4 **Wounds** represent physical damage to your body. If your Wounds exceeds your Wound Threshold, you are knocked out and suffer a Critical Injury. Wounds can be recovered by the Medicine skill and Stimpacks.

5 **Strain** represents exhaustion, mental trauma, and being stunned. You may voluntarily suffer 2 strain to perform an extra maneuver on your turn. Strain comes and goes more quickly than wounds. If your Strain ever exceeds your Strain Threshold, you pass out.

6 You may suffer **Critical Injuries** during your adventures, either when you're knocked out by exceeding your wound threshold or as the result of an attack. Keep track of the number of Critical Injuries here. For a description of the effects of your Critical Injuries, refer to the back cover of the Adventure Book.

MEEGO'S STORY

Like many young Rodians, Meego was born with the soul of a hunter. Unfortunately, he had the reflexes and combat instincts of a mechanic, but he had to find this out the hard way.

It was the height of the Clone Wars and Rodia was suffering badly. The war had caused supply problems for the planet which relied greatly on imported food for much of its population. Hungry and angry, Meego hitched a ride off world with a Houk bounty hunter who had come to Rodia in search of a criminal who had gone to ground there. Meego was fourteen standard years old.

It took only one combat situation to reveal that Meego's talents lay in directions other than combat. But his bounty hunter friend Koorasa found that the blaster rifle Meego had serviced en-route worked to perfection. So began a mutually beneficial arrangement – Meego serviced and improved Koorasa's equipment, and Koorasa split the credits from his bounties.

It was on the moon of Cynda that Koorasa was gunned down by pirates and his ship destroyed, stranding Meego with nothing but the clothes on his back and the equipment he was carrying. Cynda was an important mining world for the Republic, producing thorilide used in turbolaser batteries. Meego was able to maintain the mining equipment sufficiently to earn a living, and learn a thing or two about controlled detonations in the process.

When the Republic became the Empire, life on Cynda grew uncomfortable. Meego decided to take the money he had been putting aside and find somewhere quiet to buy a small farm and live a simpler life. This is what brought him to Lothal, and for a few short, happy years he lived exactly as he had wished, with a small farm on a modest patch of land. But the fates were not done with Meego, and when the Empire arrived on Lothal and discovered, of all things, a vein of thorilide running beneath his land, he found his life and possessions stolen from him by circumstance once more. Dispossessed for the second time, he found his way into the company of some like-minded individuals who had decided that enough was enough, and they were not going to stand idly by while the Empire took everything they had. It was time to start taking something back.
